

Something has gone wrong with education

- It is underfunded.
- There are not enough teachers.
- Testing takes precedence over learning.

And worse is threatened

- Prolonged cuts to schools.
- Deeper poverty.
- More selection and fewer opportunities.

We want a campaign to defend and rescue education from the worst crisis in a generation. We call on every candidate in this election to pledge opposition to funding cuts and to explain to voters how they will respond to the crisis in education.
